# Certified Space Technology to Protect *Your* Home

## WHAT IS SPACE TECHNOLOGY?

Products and services that display the Space Certification seal are guaranteed to have originated from technologies that came from space exploration.

## WHAT DOES THIS MEAN FOR YOU?

Air Scrubber Plus® purification products use a variation of technology originally developed in cooperation with NASA to create a safe atmosphere for astronauts on the International Space Station. This technology is now available to help protect your family, and your home from dust, germs, odors, pet dander, viruses, etc.

The Certified Space Technology logo is licensed to activTek by the Space Foundation for use of Air Scrubber Plus® purification products. The Space Foundation recognizes products whose origins come directly from technology or resources derived from the space program.

# Enviro Scrubbing Technology® to Protect *Your* Investment

Reduction of Dust Particles with AirScrubber Plus® Technology

Above tests show progressive results in reducing particles in the air ranging from .01 to 2.5 um (microns) in size!

## NEGATIVE IONS - INDOOR SPACE TRAVELERS

The AP3000 portable Air Scrubber, with enviro scrubbing technology produces negative and positive charges (ions). These charges cause dust particles to be attracted to one another and clump together. Once the dust particle is large enough, it drops to the floor and is no longer in your breathing zone.

1 Testing conducted by Dr. Sergey A. Grinshpun, Center for Health-Related Aerosol Studies, Department of Environmental Health, University of Cincinnati. Testing, Peer Reviewed. Study published: Environmental Science & Technology / VOL 41, NO. 2, 2007

# Highest Standard Product to Protect *Your* Family

## Clean

### Reduce contaminants

Do you worry about what is being brought into your home? Contaminants from school, daycare or the office follow us home on hands, clothes and shoes and land on our doorknobs, countertops and floors. The AP3000 contains ActivePure Technology, proven to destroy up to 99% of all surface contaminants, scrub, purify and clean the air you breathe by reducing approximately 90% of airborne contaminants.

## Deodorize

### Banish lingering odors

Whether burnt dinner, a family member that smokes or a pet that's just come in from the rain, there's not much you can do about some of life's odors. Now there's something you can do about it. The AP3000 is a unique photocatalytic device that will significantly reduce dust, pet dander and odors in your home. You will be able to reduce common smells such as pet odor, cigarette smoke, paint fumes, mold smells and of course the occasional burnt food odor.

## Purify

### Reduce irritating particles

Lack of sleep, sneezing, itchy, watery eyes...its allergy season. Dust, mold, pollen or many of the other pollutants that can cause irritation and allergy symptoms. These contaminants can be reduced with the portable AP3000 Air Scrubber. ActivePure Technology uses specialized light waves along with a proprietary catalytic process that creates enviro-scrubbing molecules of oxygen and hydrogen which purify your air and reduce irritating particles that can irritate allergy symptoms.

## QUICK FACTS:

- *Designed to help reduce Indoor Air Quality risks known as Sick Building Syndrome*
- *Uses proprietary light waves along with a specialized catalytic process to keep your home cleaner 24/7*
- *Requires only 38 watts of electricity*
- *Complies with all Federal EPA, FDA and OSHA regulations including the California Air Resource Board Regulations*

## Quality of Life Home Improvement Questionnaire

Does anyone in your family suffer from allergy symptoms?  YES  NO

Do you ever smell cooking odors, pet odors, smoking odors or musty smells in your home?  YES  NO

Would you like to reduce dust, pet dander, or pollen in your home?  YES  NO

Is there anyone in your house that can't afford to get sick?  YES  NO

Would you like to reduce up to 99% of harmful contaminants on surfaces such as kitchen counter tops and bathrooms?  YES  NO

If you answered: YES to one or any of these questions. Installing the AP3000 Portable Air Scrubber in your home could improve your quality of life.
